### PARKING FOR LESS

Parking is like a competitive sport, and it doesn't have to be. Take advantage of early-bird and evening specials to cut your costs in half. If you arrive by midmorning, you can pay \$12 to \$25 for approximately 12 hours, and parking after 4 p.m. will cost about \$12. These deals are great for the workday and for evenings at dinner or the theater. Don't bring a big vehicle, because you're going to pay extra money at most garages.
