FROM THE MAILBAG:

Dear Readers:

The bible for parking garages is finally here. "Park it! NYC 2007," by Margot Tohn of "Park It!" guides, tells you how to find the best off-street parking space out of Manhattan's 104,000 available. You'll also find some interesting statistics about our city's 1,113 garages, such as that the smallest garage, located in the West Village, only has seven available parking spaces.
